

## TAKOMA PARK TROOP MAKES CAMP PLANS

Outing at Gunston Cove Will  
Begin Next Saturday and  
Continue Ten Days.

Preparations are now being made by Takoma Park Troop, No. 21, R. S. A., for the coming encampment at Gunston Cove, which will open next Saturday afternoon and continue for ten days. Plans also have been considered for the return trip. It is now thought that, coming back, the boys will hike home, instead of riding in a motor boat, and will visit all points of interest en route, including Pohick Church, Mt. Vernon, and Alexandria. Several advocates of the Boy Scout movement have offered their motor boats for the transportation of both boys and supplies, and it is thought that a motorboat, together with several rowboats, will be in use during the entire outing.

The boys gathered at their headquarters last Saturday afternoon, and under the leadership of Assistant Scoutmaster Louis Gosorn, took a hike to Chain Bridge, where supper was cooked and eaten over a campfire. After eating, they marched to Glen Echo and back to Chain Bridge, where tents were pitched and the boys "turned in" for the night. Later they were disturbed when it began to rain. However, this did not bother the campers, who immediately set about building a "shack," and ere the rain poured they were asleep comfortably in their rapidly constructed dwelling. The boys reported a jolly time, and are in hopes of taking more overnight outings.

Thursday night a special meeting was held to complete arrangements for a lawn fete and moving-picture show, which will be held next Tuesday evening. While on a hike yesterday afternoon, examining the forest, were given by Mr. Reynolds, of the forest service, and the boys did well.

Patrol Leader Lloyd Harrison will leave some time this week for Trip to Oregon. He has successfully passed his examination for twenty-one merit badges, and is now an Eagle Scout, being the second Eagle Scout in this troop.

A farewell meeting will be held in honor of Scout Beverly Galloway, and his father, B. T. Galloway, Assistant Secretary of the Department of Agriculture, who will leave for a vacation trip shortly.

## Merit Badges Awarded; Life Honors Also Given

Merit badges have been awarded the last week to the following scouts:

Charles Thurtell, astronomy, gardening, Norris Gaddess, bee farming; Eugene T. Smallwood, bee farming, dairying; Kenneth Harries, masonry; W. Clinton Allard, carpentry; J. E. Eggleston, forestry; Fred L. Ewers, masonry, gardening; Ira L. Ewers, masonry, painting, masonry; Charles Shoemaker, gardening; A. S. Hippey, gardening and Mark Shoemaker, gardening.

Scouts Charles Thurtell, of Troop 22, and Lloyd Harrison, of Troop 21, are eagle scouts, having passed a recent examination for this honorable recognition. Scout D. G. Wood, of Troop 21, is now a life scout, while Scout Edward Pardee, of Troop 21, has been made a life and star scout.

## Walter Jex to Get Medal For Saving Mate's Life

Scout Walter Jex, of Troop 22, has recently been awarded a bronze honor medal from national headquarters for saving the life of Assistant Scoutmaster Hackett while in swimming at the camp near Great Falls. Nearly all of the scouts in camp were swimming when Hackett was seized with cramps. Scout Jex was near, and rushed to the assistance of the drowning boy. After a struggle, which nearly resulted in the loss of both lives, Scout Jex brought Hackett to shore, and immediately collapsed. The medal probably will be given Jex on June 29 by Scout Commissioner Edgar S. Martin, at headquarters.

## Ball, of Troop 40, Takes Command of Troop 6

Scoutmaster S. S. Ball, of Troop 40, has recently taken charge of Troop 6, which has been minus a scoutmaster for several weeks. Accordingly, he took his twenty enrolled troop for a hike, to the camp site of Troop 40, at Tuxedo, last Saturday evening. Troop 6, being amalgamated with the proud possessors of this camp site, partook of the same privileges as its original owners, and camped overnight. Arrangements are now being considered by Scoutmaster Ball for the scouts to take their examinations for promotion in class. Scout Jex will be the only scout to take a first class examination, while nearly every member of Troop 6 will enter the second class test. Some of the scouts intend to visit Camp Archibald Butt, and those who will go to this camp will no doubt be examined while there.

## Bankers to Have Outing At Marshall Hall Friday

Heads of financial institutions in Washington and their families, officials of the various banks, as well as hundreds of others whose business interests are in touch with banking, are expected to attend the annual excursion to Marshall Hall, which will be made Friday by the Washington Chapter, American Institute of Banking. President W. W. Spaid declared today that more than 500 were expected to attend the outing. The steamers Charles Macalester and St. Johns have been chartered for the affair. An exceptionally interesting program has been planned.

## FRECKLES

Don't Hide Them With a Veil Remove Them With the Othine Prescription. This prescription for the removal of freckles was written by a prominent physician and is usually successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails. (Don't hide your freckles under a veil, get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely. Be sure to ask the druggist for the double strength othine. It is this that is sold on the money-back guarantee.)

## WILL WEAR HERO MEDALS

ROBERT CRUIK,  
Of Troop No. 21, Who Will Receive a  
Bronze Medal for Saving a Little  
Girl From Burning to Death.

## WILL FIGHT SALOONS IN EAST WASHINGTON

A relentless war on the saloons in East Washington is to be waged by the East Washington Civic Association, permanent organization of which was effected last night at a meeting in Rechabite Hall, 200 B street southeast. Opposition to the granting of license renewals in the northeast and southeast section, and resistance to threatened encroachment of the liquor interests upon the section will constitute the association's chief work, although efforts will be made to prevent all places of injurious and demoralizing influence.

The anti-saloon plans will be mapped out by the officers and the directors. Matthew E. O'Brien, chairman of the board, who also is employed as counsel, will base his opposition to saloons principally on the ground that East Washington is a residence district and a majority of its property owners are opposed to saloons being located there. Other directors are Miss Beale Steiner, Charles K. Hoover, J. H. Hollinger, and J. W. McGuire.

In adopting a constitution last night, twenty-one members, including a number of clergymen attached their signatures, and elected the following officers: H. F. Lowe, president; J. R. Mahoney, vice president; Ashby Jump, secretary; and L. B. Baldwin, treasurer. The association will meet each Saturday night during the summer. By-laws will be adopted and committees named at the next meeting.

## LOCAL MENTION

Bert V. Wolfe, life insurance, Col. Ridge.

## EDUCATIONAL

## The Berlitz School of Languages

Information regarding any of the below schools may be had at the EDUCATIONAL INFORMATION BUREAU OF THE WASHINGTON TIMES.

Mrs. Emily Frech Barnes, SINGING AND RECITATION. 1215 14th St. N. E. Less 1726.

## CAMP NEARLY READY FOR BOYS' ADVENT

Dining Hall at Chesapeake  
Beach Reservation Almost  
Completed.

During the coming week Camp Archibald Butt, Chesapeake Beach, Md., will be a scene of activity. The new dining hall is almost completed and an up-to-date water supply system is being installed. The new water apparatus probably will be in action by the end of this week. This apparatus will pump water into a 1,200-gallon tank, and will not only provide the camp with a sufficient supply of water but will render enough force to utilize a hose in case of fire.

Scout Commissioner H. J. Eddy, of Baltimore council, arrived at the camp last Friday to supervise the unloading of camp supplies to be used by the Baltimore Boy Scouts while there. Dr. Charles Eastman, camper, lecturer, and Indian scout, who will act as camp director, is expected to arrive in Washington this week. Dr. Eastman is also a writer, being the author of "Indian Boyhood," "Red Hunters and the Animal People," "Old Indian Days," "Wigwam Evenings," and "The Soul of the Indian."

He will instruct the scouts in such subjects as hiking, tracking, stalking, camp cooking, athletics, forestry, trail making, knot tying, signaling, and scout games, and will give many lectures on real Indian life. Ten rowboats were recently shipped to the camp on the Government's own scowboat, going by way of the Potomac river and up the Chesapeake bay, a trip lasting three days.

Work is in evidence everywhere about the camp, and if nothing seriously changes, everything will be in readiness for the opening, June 29.

## NAVY OFFICERS' CAR HURTS THREE BOYS

Lieutenant Poteet and Ensign  
Simpson Arrested on Charge  
of Speeding Machine.

Two officers of the President's yacht Mayflower, Lieut. Fred H. Poteet and Ensign Alton R. Simpson, son-in-law of Senator Hoke Smith of Georgia, are at liberty under \$500 bond each, having been released from custody on the deposit of that amount last night at Annapolis, where they were arrested after the automobile in which they were riding ran down three boys in a road on the outskirts of the Maryland town.

Both officers have been ordered to appear for trial before the court at Annapolis tomorrow morning. The boys struck by the naval officers' machine were only slightly hurt. The accident occurred on Camp Row, just outside of the city limits. Lieutenant Poteet and Ensign Simpson were en route to Washington. The machine at the time of the accident was not going at a high rate of speed, the naval officers say, but the boys in play were chasing each other back and forth across the road, and did not need the warning toots of the machine horn. In an effort to keep from running down the boys the machine was swerved to the side of the road and struck a telephone pole. As proof that they were not going at an illegal rate of speed the naval officers point to the slight damage done to the machine in colliding with the pole.

After being arrested the officers were taken to the office of Magistrate William F. Mumick, where they were released in \$500 bail.

## Stewart Improved.

James R. Stewart, superintendent of the American Ice Company's plant at the foot of Ninth street northwest, who was severely burned about the head and body while starting a fire, is improved today. Physicians attending the patient say that although his condition at first was serious they believe he will recover.

## WASHINGTON'S BEST BUSINESS College Offers Summer Course Absolutely Free

If you are willing to begin your course July 1st, we will give you the months of July and August absolutely free of charge.

This will mean a saving to you of \$24.00 if you act promptly.

Seats will be assigned in the order in which application is made, and as our seating capacity is limited, we will have to limit the number of free scholarships.

Steward's Business College is everywhere recognized as the most beautifully furnished and most up-to-date business college in Washington, and here is your chance to take a summer course in this wonderful new school absolutely free of charge.

Address all communications at once to  
**Frank C. Steward**  
President of Steward's Business College  
12th and F Sts., Washington, D. C.  
Telephone Main 8671

## 12 Baltimore Socialists Hiking to Washington

Twelve Baltimore Socialists who are "hiking" to Washington will arrive here late this afternoon. They will be entertained by the Socialist organization. Leaving Baltimore yesterday afternoon at 1 o'clock, they arrived at Laurel, Md., at 5 o'clock and held a mass meeting in the evening, distributing Socialist literature and explaining their work and what they hope to accomplish. They left Laurel this morning and arrived in Hyattsville this afternoon.

The main idea of the hike was to spread the Socialist propaganda through the country traversed. Over 100 pieces of literature were distributed along the line between Baltimore and Hyattsville.

## 25c White Goods for 12c Yard

Choose Monday from 36-in. White Stripe Crepe Voiles with dash effect and 28-in. White Ratine—both very popular, and in sufficient quantity only for one day's selling.

## Baltimore Merchants File Switching Rate Suit

The Merchants and Manufacturers Association of Baltimore filed with the Interstate Commerce Commission a brief in its case against the Pennsylvania Railroad Company over the question of switching rates. The brief declares that Baltimore is subjected to heavy charges for switching that put it at serious disadvantage in comparison with its competitors. A system of per car rates that will not recognize class, weight, or distance handled is advocated.

## President and Kaiser Pass Wireless Greetings

Signaling the completion of the Tuckerton, N. J., wireless station President Wilson sent a radiogram direct to Emperor William of Germany and received a reply from the Kaiser, copies of which have just been made public at the White House. In the message to the Emperor, President Wilson said: "On this occasion of the opening of the Tuckerton radio station I send you my best greetings, and offer my congratulations on this additional link to bind the United States and Germany in closer intercourse and good relationship."

## Wants Gorgas in Cabinet As Public Health Head

Southern members of Congress are being urged to support a movement for a department of health in the Cabinet with Surgeon Gorgas, who made a record in riding Panama of insidious conditions, as its head. Dr. Seale Harris, of Mobile, Ala., publisher of a medical journal, and brother of William J. Harris, Director of the Census, is in Washington creating sentiment for the project. He would have the Public Health Service serve as the nucleus of the new department.
